Hello! I'm a common lizard and I live in Ireland and Wales

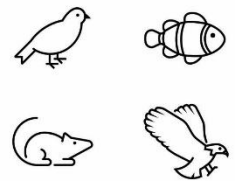

I come in different colours - brown, green, and black. Why not colour all the lizards on this page?

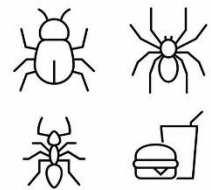

I like warm weather so you'll only see me when the sun shines. I sleep through most of winter. This is called hibernation

I'm an important part of the food chain. Which of these won't eat me?

I eat 3 of these things. Can you pick the odd one out?

Here is a wordsearch. Can you find all these words? Lizard, Spider, Fly, Stone, Wall, Hide, Tail, Sun.

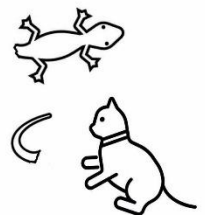

S	P	I	D	E	R
T	U	W	A	L	L
O	A	N	B	X	T
N	H	I	D	E	P
E	U	F	L	Y	K
L	I	Z	A	R	D

I'm very good at hide and seek! How many lizards can you see on this page?

If something tries to hurt me I can make my tail break. My tail will distract them while I run away. My tail will grow again, but this takes a lot of energy. Please don't try to pick me up. I am very small so I will be very afraid and I might get hurt.

14! There are 14 lizards on this page, some big, some small. Did you find them all?

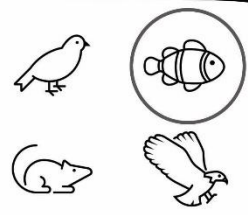

I come in different colours - brown, green, and black. Why not colour all the lizards on this page?

I like warm weather so you'll only see me when the sun shines. I sleep through most of winter. This is called hibernation

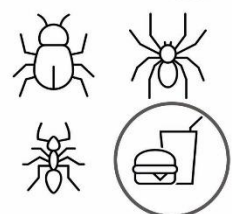

Lots of birds eat common lizards. Other predators include cats, rats, foxes and badgers. It is very unlikely our lizards will ever meet a fish!

I eat 3 of these things. Lizards eat anything they can find in their habitat - such as spiders, insects and worms. A burger is definitely not on their menu.

Here is a wordsearch. Can you find all these words? Lizard, Spider, Fly, Stone, Wall, Hide, Tail, Sun.

Pssst: Did you find the lizards hiding on the bigger lizards back?

If something tries to hurt me I can make my tail break. My tail will distract them while I run away. Please don't try to pick me up. I will be very afraid and I might get hurt. Thank you!
